

23. Aims of programme

- The aim of the qualification is to provide a modular route to a recognised level of attainment for practising veterinary surgeons, so that they may perform as competent independent practitioners, delivering a consistently high standard of practice to their clients.
- The framework also aims to provide a structure for continuing professional development and lifelong learning.

24. Overall Programme Level Learning Outcomes - the programme offers opportunities for students to achieve and demonstrate the following learning outcomes. Learning outcomes should be specified for all intermediate awards as well as for the terminal award.

On successful completion of the Certificate of Advanced
Veterinary Practice, stu
